Views of absent Committee Members on Hall use for Committee Meeting tonight	
Rates:	
	Up by 10%
	Make outside weddings very high
Restrictions:	
a) Local vs Outside	Keep 1 weekend in every 6-8 as Local use, then give out to the suggested uses above
	Keep 1 weekend every month for local use and if it is not used it is not used
	Give priority to local lets but do not reserve
	Take all outside lets we can to keep Hall sustainable
	Take all we can certainly for the first couple of years to build up a fund and see how things go
b) Type of lets	Less weddings?
c) Times/Noise	Take larger deposit and hold back for noise as well as damage/cleaning
	?Stop all music at 11pm (Current T&C say NO noise after 12.30 and email says band to stop at 12 midnight with very last encore and packed up by 12.30, hall & car park to be totally clear by 1pm)
	?Stop music by 11.30, with NO Noise from 12 midnight
	?Hall Police to stop and then lock up
	2 had no personal experience of noise but felt complaints/problems should be responded to
Priority on Work to be done	
	Change, bottle store door and shelve- done
	Make between loos space into cupboard – in progress
	Under-stage storage – not possible due to wall
	Sand stage – in progress
	Get better arrangement for electric switch in showers
	Is dimmer switch possible in lesser hall
	Does stage lighting need looked at – or do we fundraise to get proper?
	Get all building faults agreed and remedied
